

STAY AND PLAY

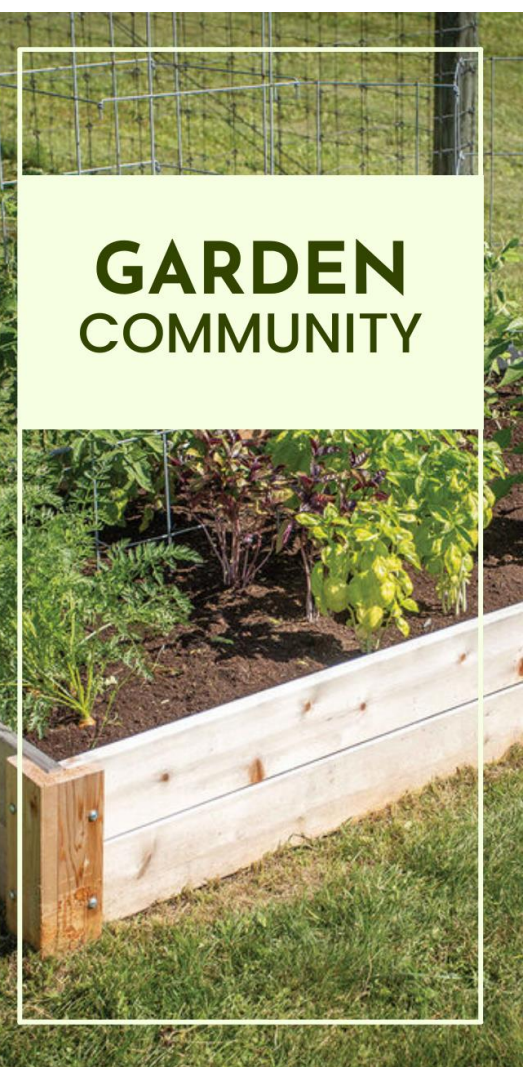

We have an opportunity to continue our service in the community garden this summer by coming together on two Thursdays over the summer. We will be able to attend Mass, join with fellow parishioners in the parish community Garden, and work in our school garden. Once our Work is done, we will have Lunch and a game.

LEADERSHIP GARDEN

This year our 7th and 8th graders planted a community garden, learned about leadership through the lens of [Laudato Si](#) and [Fratelli Tutti](#).

VOLUNTEERS NEEDED

Last year we grew over 1,000 lbs of food to the Affton Christian Food pantry through our community Garden. This year we need families to commit to 1 week this summer to make this year's Harvest even greater!
